

CITY HAPPENINGS AND
PERSONAL MENTION

Mrs. Stella Leonard of Hastings is the guest of Mrs. Donald Barstow, Riverside drive.

Mrs. W. R. Lawly is the guest of Mrs. F. L. Thorpe, coming over from St. Augustine for the play given Tuesday night, "In Storybook Land."

R. P. Dalgleish of Bridgeport, Nova Scotia, is stopping for a few days with Mrs. McIntosh on the Heights, on his way to Key West.

Mr. and Mrs. H. J. White who have been sojourning at the Putnam House for the past two months have gone to St. Augustine to spend the remainder of the winter.

Mr. and Mrs. E. W. Elliott arrived last Friday night from Pensacola, having made the trip in their touring car. Palatka will be their future home and they will reside on Oak St.

Capt. J. E. Lucas said on Thursday: "Tell the people I am leaving today with my whole fleet for Sanford and Enterprise, where I am to rebuild the entire docking system for the Clyde Line."

Mrs. E. H. McIlvane, who has been making her home with her daughter, Mrs. H. M. de Montmolin, has gone to Jena, Florida, for an indefinite stay with another daughter, Mrs. T. F. Bryan.

Mrs. M. A. Baker and mother, Mrs. Miller, of Dayton, Ohio, were the guests of Mrs. C. H. Price, Oak street, en route to Keuka, N. Y. Baker's home, "The Palms," after a pleasant visit in Welaka with Miss Irma Baker.

Mrs. Arnold M. Probst of "The Palms," was hostess Thursday afternoon for an "at home" given in honor of Mrs. J. D. Probst, sr., who leaves soon for her home in Englewood, New Jersey. The receiving hours were from 4 to 6 o'clock.

Sam Williams, a fly negro, attempted to pass a forged check on M. Kanner, the clothing merchant. Kanner suspected his game and asked the Putnam National concerning the check, which the bank pronounced a forgery. Sheriff Kennerly now has Williams in the county jail.

Miss Viola McIntosh who has been spending several months with her mother, Mrs. McIntosh, returned to her home in Fenelon Falls, Canada, Thursday. While in the city Miss McIntosh has endeavored herself to many who will regret to have her leave.

W. W. Hawley is back on a fishing trip to Palatka again this winter. Mr. Hawley's home is in Huntington, West Virginia, and he was so charmed with the paradise for fishermen in this locality last year, that he decided to try his luck here again this season.

Mrs. Judge Cox spent the first half of the week with her daughter, Mrs. Glass, at Gainesville. Mr. Glass is seriously ill in a hospital in Indiana.

J. H. Coughlan of Providence, R. I., was in the city early in the week in the interest of Leslie's Weekly of New York.

The weather we have been having for these many days is not just the best for tent shows. The one here this week silently folded its tent, and performers went indoors.

A "good roads" delegation from Jacksonville passed through Palatka Monday on their way to the convention in St. Petersburg. The following gentlemen made up the party: T. O. Miller, T. P. Clarkson, C. C. Kirby, W. M. Stinson and Myron Howard.

G. W. Lawrence, of Newark, N. J., writes to the board of trade announcing his arrival home, and says he has most pleasant recollections of Palatka and is telling his friends about the Gem City, that he hopes to return next winter and bring along some of his neighbors. Mr. Lawrence while here made an address to our high school.

People whose money was frightened into hiding places by the advent of the great war are outgrowing their timidity, and are deciding that money is for use. They are discovering that right now a dollar will buy unprecedented values in most lines of goods, and they are uncovering some of the "sacred dollars" and utilizing them.—Clearwater Sun.

P. M. Hagan, deputy collector of Internal Revenue, of Jacksonville, who has been on a visit to Titusville and other places along the East Coast, says he found business very favorable in this town, where he was received with hearty greetings. Mr. Hagan is a gentleman of sterling qualifications, and we hope to again see him in Titusville.—East Coast Advocate.

One of the Cleveland Ohio courts has just awarded \$300 to a girl-mother. This case gets the following comment and censure from the press of that city, in these words: "With this wealth the court holds the mother will support and educate her child. The father of the child is relieved of all obligation toward his own flesh and blood. For \$300 he may go his way. The young mother is to do all the worrying alone. Some times it looks as if the law were in partnership with crime."

It is being demonstrated to the people of the Gem City these nights what an addition to the business section a white way would be, as Lemon street after dark is now a blaze of light from First to Fourth streets. This very acceptable condition of affairs was brought about by the fact that the illuminations put up for the K. of P. Grand Lodge meeting are to remain in active use until after Palatka gets through entertaining coming big State meetings, and the desirability of the illumination may lead to definite plans for a permanent white way.

Another week and Messrs. Middleton, McKenzie and Tilghman will leave us for the toils and temptations of Tallahassee. The coming session of the legislature promises to be an important one, and Putnam will have good men on guard.

Charley Jenkins for cutting, and Arthur Mack as an accessory to the fact, are in jail for carving a negro at Interlachen as the result of a booze and gambling affair last Sunday. The negro who stopped the knife is in a critical condition. If he dies the charge will be murder; if he survives the charge will be assault with intent to commit murder.

Hon. John S. Edwards, a member of the State Tax Commission, spent Thursday forenoon in Palatka, much of which time was in company with Assessor G. F. Bullard, at the court house. He with other members of the commission is visiting all sections of the State and looking into the work of the assessors, and seeing that the tax laws of the state are being complied with. "He is a very fine gentleman," remarked Assessor Bullard.

Dr. E. W. Warren has been in Tallahassee this week in consultation with Gov. Trammell concerning a bill which is to be introduced in the legislature at the instance of the State Medical Association, looking to a uniform medical practitioner's law with a single board of medical examiners to be composed of representatives of all the recognized schools of medicine—a law similar in character to that in most of the states of the union, and like the one passed by the Georgia legislature a year ago.

A Punta Gorda girl with thirty-five hens kept an account for a year of her expenses and receipts from the fowls. She bought all the feed and sold all the eggs in the local markets, and her bookkeeping showed that the eggs cost her 14 cents a dozen and she sold them on an average of 30 cents a dozen. Are there not some Palatka or Putnam county girls to join this class?

The opinion is expressed that the war in Europe has had something to do with the unseasonable weather for several months, all over the world. It is well known that after a big battle the vibration caused by explosion most generally brings a change, usually rain. For months now the explosives in Europe have been constant and terrific. If a wireless instrument can send a sound wave around the world, why shouldn't the big noises of the big guns produce unusual conditions in the atmosphere?

Monday Night Club.

Mrs. Samuel G. Coburn was hostess for the Monday night Club this week, entertaining three tables. Prizes were won by Mrs. Charles Kupperbusch, Mrs. Howell A. Davis and Mrs. A. O. Johnson. Mrs. Coburn served her guests with creamed chicken on toast, hot coffee and olives. Mrs. Norman Riles will be hostess for the meeting next Monday night.

Mrs. H. M. Fearnside, Hostess. The pretty home of Mrs. H. M. Fearnside was made attractive Tuesday afternoon for a company of ladies who were asked in for auction bridge and 500. Five tables played, and dainty croquet chamais, the work of the hostess, were awarded as prizes, one to each table, the winners being, Mesdames Fred Merrill, Alston Haile, T. E. Price, of Marianna, and Misses Belle Welch and Katie Barstow. Elegant refreshments were served, consisting of fruit salad, nutbread, lettuce sandwiches and hot coffee.

Mrs. Fearnside's guests were Mesdames Norman Riles, J. H. Millican, C. E. O'Connor, Carl Davis, Don Barstow, and guest Stella Leonard of Hastings, Walter Tilghman, W. A. Walton, A. M. Hedick, Hickman Collins, Carl Wilroy, Howard Rowton, Fred Merrill, Alston Haile, T. Earl Price of Marianna and Misses Belle Welch, Irene Gardner, Susie and Fannie Walton, Rosa Cox and Angelina McConnell.

Dr. D. C. Main Lectures. The members of the Woman's Club had the opportunity of hearing Dr. D. C. Main of Welaka give his lecture last Friday afternoon at St. Mark's, on the needs of the state in the way of providing institutions for the feeble-minded and indigent. He drove home the facts of the State's responsibility for these dependent ones, and at the coming session of the Legislature the request will come up for an appropriation to build homes for them. In this work the women of the various Clubs are asked to lend their aid by educating all whom they come in contact with, in the various ways that are open to women, in council and in advisory committees. Miss Susie Lee Walton then followed with a paper on "Club Labor Laws," touching the needs of the state. Mrs. Gardner, and Mrs. M. S. Brown then read very interesting papers on compulsory education. Hon. W. G. Tilghman was present and of course was called upon for remarks. Needless to say the remarks were forthright and, as usual, serious and comic. He told of the work he hoped to see brought to a climax in the coming legislature. Among the many things he foretold, using a prophet's vision, was the slow but sure on-coming of the ballot for women. Common sense was his own private reason for wishing that time to come, and his logic was good; the women of the Club feel that with a man like Hon. W. G. Tilghman representing them that the future looks bright for something worthy accomplished, not only along the line of suffrage, but regarding all needful legislation.

The subject for this afternoon's meeting of the Woman's Club will be "Home Economics."

Instructive and Enjoyable.

Last Monday afternoon the members of the music class of the Woman's Club, met with Mrs. E. L. Mann when those fortunate enough to attend were fully repaid for coming, as the hostess had prepared a very interesting program of National airs, their origin and subsequent adoption. Many surprising facts were brought out in regard to the manner of the adoption of many of these airs. For instance, most of us know now that the hymn we fondly call our own, viz., "America," is English in origin and the tune is sung in Great Britain as their National anthem. Also that "Dixie," was composed in the North and "John Brown's Body" was composed in the South. "Dixie" bids fair as a popular American favorite, to be the National anthem. Mrs. Mann, Misses Ida Leib and Adair Anderson, very graciously read articles explanatory of the various National songs and sang the "airs" representing the following countries: America, England, Scotland, Ireland, Wales, Austria, Japan, Russia, Germany, Greece, and Spain. At the close of

the program, Tipperang (now sung in many tongues) and always martial, was brought out, and sung by all present.
